

SAVE STAR TREK

Help Star Trek Find a New Home!

Star Trek: Enterprise, the critically acclaimed, multiple Emmy-winning fifth Star Trek series currently airs Fridays at 8 PM e/p on UPN. During a highly praised peak in creative vigor and audience enthusiasm, **Enterprise** was canceled by UPN and will need a new home when the current season ends in May.

A prequel to the original Star Trek of the 1960's, **Enterprise** features imaginative stories that touch on elements of Trek lore and relevant current events, a technical crew second to none and a superbly talented cast. The show has never been more admired by its audience than in this, its fourth season. **Enterprise** has viewers excited about Star Trek again.

Fan support for Star Trek is legendary, and that tradition continues with **Star Trek: Enterprise**. Viewers from all over the world are organizing to press for a fifth season... and more. Please join your fellow Star Trek and **Enterprise** fans and urge Viacom/ UPN/ Paramount to keep **Enterprise** in production and on television. Gather at our rally in Los Angeles at Paramount Studios on Feb 25th, 2005 at 9am and notify corporate decision makers that we want them to sustain and support the cultural icon that is Star Trek and the outstanding show, **Enterprise**. The Star Trek franchise needs your support for this historic event! Please call 323-908-7398 for more info or see www.saveenterprise.com for details.

Captain Archer and the crew of the NX-01 need your help to continue their journeys!
This is the first captain, the first crew - NOT Star Trek's last mission!!
